Girl of the Week.

Magda has 4 brothers, 1 sister. Her residence is Olijfstraat 15, Dakota.

Two of her brothers are popular musicians with a fairly good trumpeting reputation. It is not surprising therefore that our girly loves music, singing and dancing. Also on her list of "likes" are reading and movies, while her favorite sports are softball and basketball.

Magda went to school in Aruba. She is very fond of traveling and enjoys her trip Aruba - Curacao - Aruba tremendously. She is not employed at present and spends most of her time as mommy's "right-hand" at home. She can tackle all household chores, including sewing, as efficiently as her old queen".

Her beautiful big brown eyes have not yet looked in the direction from where "Cupid" fires his arrows.

Notice to Motorists.

Motorists are advised of a new traffic regulation which came into effect yesterday.

The new regulation is—

"NO PARKING ON THE BERNHARDSTREET IN THE AREA BETWEEN THE VIANA's GASOLINE STATION AND THE POLICE HOUSES".

MULTUM IN PARVO

Dempster-Dumpster Menace

Lago Heights residents are now subject to a new type of annoyance — the disgusting noise made at night by the Dempster-Dumpster trucks hauling garbage. Shift workers and infants are startled from their sleep by these trucks at varying hours of the night. If the racket made by these trucks are common to Dempster-Dumpster, then it is hoped that Colony Service under its new management would develop an early solution

EDITORIAL

APOLOGIES

Last week our "Social Columnist", in reporting on George Strang's birthday, humorously mentioned that "first aid man Henry Held had to be reminded by his wife not to sleep on the job".

Mister Held took very strong exception on this statement, feeling that it blemished his reputation. Because of this, this publication humbly offers its apologies to Mr. Held for this unpardonable sin.

Mr. Held may rest assured that no ill was intended as we have no reason whatsoever to try to blemish his reputation.

LOCAL NEWS

ACCIDENTS WILL HAPPEN

At about 1.15 Sunday morning residents of Savaneta were awakened by screeching

Through-out the World

and first in QUALITY**

tyres when a Buick ran off the road and into an electric light pole; then continued its mad flight into a cactus fence nearby. No one was injured.

On Tuesday morning at about 6.45 a.m. Taxi 264-H lost a rear fender to one of the E.E.T. buses on the Tank Farm Road in San Nicolas. No one was injured.

Again on the Tank Farm Road in San Nicolas, a Cadillac 1554-A, rushed crazily into an electric light pole while trying to overtake another vehicle. The front bumper of the car was cut in two by the impact, not to mention other serious damage to the front of the limousine. No one was seriously injured.

At 8 p.m. Wednesday night last another accident occurred on the road to Noord and the new road to Tanki Leendert. A Pontiac car, 3157-A and a Ford car, 2151-A, collided. Both vehicles were badly damaged and the driver of the Pontiac had to be taken to hospital for treatment.

All of the above accidents are under investigation by the Police.

Be sure to attend the Musical & Dramatic Concert

Sponsored by

The San Nicolas Cultural Club

at

Admission: f 2.00

S. N. C. C. CONCERT ON WEDNESDAY NIGHT

Due to a printer's error last Saturday the S. N. C. C. concert was announced as taking place on the 16th of next month.

This is incorrect.

The concert takes place on the 16th of this month (July), next Wednesday night.

All plans for the concert have been completed, and a fine evening of cultural entertainment is anticipated with the Aruba Symphony Orchestra, the Surinam Melodie Choir, musical items by outstanding local artistes and dramatic productions by the club.

Tickets are on sale at f 2.00 each, obtainable from club members or at the door on Wednesday night.

MISSIONARY MEETING AT METHODIST CHURCH.

The annual Missionary Meeting of the San Nicolas Methodist Church takes place tomorrow and Monday, with the visiting minister this year being the Rev. E. J. Gazzard of Montserrat.

Rev. Gazzard will be the preacher at the 9 a.m. and 7.30 p.m. services tomorrow and will also address the Sunday School at 3 p.m.

On Monday the Missionary Meeting will commence at 8 p.m. under the chairmanship of Dr. R. G.

MR. AND MRS. MADURO RECEIVE ROYAL INVITATION.

Mr. and Mrs. Maduro of Curaçao, who donated the original capital for the miniature "city" Madurodam, received a cable from the secretary of H. M. Queen Juliana during the week in which it is said that Her Majesty and Prince Bernhard would like to welcome the Maduros at Soestdijk (Royal Palace).

A son of the Maduro family, George, lost his life during the last world war.

Mr. and Mrs. Maduro, thereafter, donated the sum of f 100.000 to establish the miniature city Madurodam which will provide funds for the care of recovering patients of the Studentsanatorium.

SCHOOL VISITS TROPICAL BOTTLING PLANT

On behalf of the Coca Cola factory, Mr. Steenhuizen invited the Aruba Trade School for an inspection of the plant last Thursday afternoon, which lasted from 1 to 4 o'clock. Two groups of 20 boys each were shown the operations of the factory.

During the inspection tour the boys were shown the complete workings of the plant, including such detail as how the bottles are cleaned and rinsed again. Special emphasis was placed on the hygienic conditions and operations. Especially the filling and "crowning" of the bottles caught the boys' fancy. The round trip ended with a view of the spacious airconditioned supply room where the boys were treated to a cool drink and a Coca Cola pencil.

It is the intention of the management of the Tropical Bottling Company to continue inviting schools and other groups to inspection tours of the factory.

This fine gesture, no doubt, will be highly appreciated.

HAS THE ANSWER FOR YOU

on August 9

Hits Big Time... Peggy Dow really has a chance to prove her talents as co-star with Dana Andrews, Dorothy McGuire and Farley Granger in Samuel Goldwyn's topical drama of today, "I want you", an RKO Radio Release. Peggy has been in Hollywood but two years and has advanced rapidly.

MORE ABOUT THE GRAND DANCE AT THE N.W.I.W.A. HALL

(Contributed)

Just in case you boys and girls might forgotten about it, there IS GOING TO BE THAT BIG DANCE tonight at the N.W.I.W.A. HALL

(San Nicolas).

This is the big shin-dig we wrote about last week — Music by the Conjunto "Caribbean Boys", those Hot Lick Kids, TIME from 9 p.m. until 2 p.m.

And of course, your favorite items of food in case you get that empty feeling midrife. All this for 3 g's for the gents and 1 g (I almost wrote HAW) for gals which (as we said last week) you'll have to provide. So, if you want to get set for a SWELL evening, why the N.W.I.W.A. Hall is the place to head for.

We are sure you'll have fun, and we'll have it too watching you jive around the "piste".

As we said, the "blowout" is being given by the Social Committee of the Holy Cross Church (and they've put on some lulus in the past) and is in aid of the Building Fund. So, come on you Boy Scouts, do your DOUBLE GOOD TURN today by attending — a good evening for yourself (and her) and a good turn for a worthy cause. See you tonite!

"NACHO" RETIRED AFTER 20 YEARS FAITHFUL SERVICE.

On thursday June 26, a large number of Johannes "Nacho" Werleman gathered at the S.N. branch office of the Public Works Department to bid farewell to "Nacho" who retired after 20 years of faithful service with the Department's Clean-out division. Ir. van den Berg was present and in an appropriate speech urged the other employees to take an example from "Nacho", who had been a con-

scientious and hard working employee throughout his years of service. On behalf of Nacho's fellow employees he then presented an easy chair, a pipe and a tin of tobacco to Nacho of which, he said, he hoped Nacho would make good use during his hours of leisure. Other speaker was Mr. H. Rodrigues, Nacho's immediate supervisor, who also paid high tribute to Nacho both as an employee and as a sincere man. He ended by saying that the group did not wish Nacho "good-bye", but "hasta la vista". Picture above shows Nacho trying out his easy chair. His friends stayed on until late to send Nacho off to a well-earned retirement.

BASEBALL NOTICE.

All Baseball Captains or Representatives are asked to contact

Mr. J.L. Wever, Phone 2924 (Lago) to register the teams to participate in the forthcoming Baseball Competition at the Lago Sport Park. A meeting is scheduled for Friday next July 18.

Please register now!

ISLAND WIDE KORFBAL COMPETITION STARTS JULY 20

The annual Lago Sport Park Board sponsored island-wide korfbal competition is scheduled to start on Sunday July 20, with Amstel and Flash clashing in the opening match.

A total of 7 teams has entered the competition.

They are Amstel, Flash, Noord Centraal, Corona, Sparta, TOF and St. Nicolaas Jr.

Barring unforeseen delay, the competition will end on December 7. All games will be played on Sunday at the Lago Sports Park.

There will be one match per week.

Trinidad News.

A HERO'S WELCOME

The Trinidad boxer Yolande Pompey received a hectic welcome from San Fernando when he returned to his hometown this week after a year's campaigning in Britain. Pompey had remarkable success in England, winning

all his engagements and numbering among his victims Dave Sands, the highly rated Australian champion.

Pompey now has a high rating in the world's cruiserweight division and it is expected that on his return to England or the U.S.A. plans will be made for a championship bout.

Baden Powell "A" gave St. Vincent an easy outright victory to tie-up honors for Championship

Baden Powell offered no resistance to the Steady St. Vincent bowling by Nicolas, Walker, Williams and the Bonadie brothers who made havock of the situation and closed the innings for 42. Dennis top scored with 15 to save his team falling under 25.

St. Vincent replied with 101 for 3, Williams giving a brilliant alround display scoring 35 assisted by "small" Nick 21 not out, Bonadie 22 not out. Collis took one wicket and Dennis 2.

Baden Powell in their second innings scored 75 for all, giving St. Vincent only 16 runs for outright victory with plenty time to spare. At close of play, St. Vincent scored 30 for 1 to tie up with Barbados for the A-division championship.

Skip Martin made a valuable contribution in the second spell

and scored 27 before he was run out. Williams who was chiefly responsible for this collapse on the field, is to be congratulated.

St. Vincent will engage Commonwealth and St. Eustatius, while Barbados must battle against Rising Sun and West Indies United.

CARRIACOU
DEFEAT ST. EUSTATIUS "B"

Carriacou defeated St. Eustatius at Lago Heights when the latter failed to present a full team. St. Eustatius was bowled out for 54 in reply to Carriacou's 73. Carriacou in their second inning declared with a 75-run lead and time prevented their winning an outright victory.

LAGO POLICE
DEFEAT BADEN POWEL

Leo scores 10 not out

Lago Police bowled out the youthful Baden Powell "B" team for 58, Abraham 19, Viapree 12 and Leo Stuart 10 not out. Pantophlet who took most of the wickets bagged 6 for 15, Scott 3 for 8 and Raymond 1 for 34.

Police in turn scored 145 for 3 declared. Gibbs scoring 99 before he was bowled by Krind in the first delivery of his second spell. Charlemagne 22. Baden Powell used ten bowlers, Lorenzo turning two overs, and Krind took 1 for 19, Havertong 2 for 12.

Baden Powell in their second inning lost 8 wickets for 50 runs when the game was called. Hazel 19; Raymond took 4 for 10, Pantophlet 2 for 10 and Gibbs 1 for 10.

SOFTBALL

LAGO HEIGHTS 1952 SOFTBALL COMPETITION WINDS UP WITH A TERRIFIC BANG AS NASH DEFEATS LA SALLE 13 — 2.

K. Abrahams scored 2 home runs with men on.

Nash and La Salle met for runners-up position in the A-Class series of the 1952 Lago Heights Softball Competition and entertained the 400 crowd from start to finish.

Nash opened in the second with a seven-run lead on 4 hits, 2 free bases and 5 fumbles and kept La Salle to zero until in the fourth when Pitcher Rozenstand doubled to right center and scored on Guillermo's error.

Coffi scored in the fifth for La Salle on two singles and error by Rasmijn at short field and Nash went ahead to close the stanza with a homer by Abrahams with Richardson on second from a single and er-

ror by Buckley at short stop to lead 9—2.

Abraham who was trying to capture the batting average in this division came up in the sixth with two outs, and first and second occupied to crash a second pitch over Martinez' head at deep left field for his second homer and lead the field 13—2.

Abraham and Jack collected 3 for 4 each, Abraham winding up with 12 for 24.

La Salle collected 5 hits and made 8 errors, while Nash scored 13 safeties and 3 errors.

SOFTBALL STATISTICS.

Baby Ruth 1952 Champion team, played 6, won 5, lost 1, made 57 hits, scored 76 runs and made 25 errors. 35 hits and 24 runs scored against them.

Nash — Runners-up played 7, won 5, lost 2, made 35 hits, scored 64 runs and made 21 errors. 35 hits and 27 runs were scored against them. 3 pitchers.

Oranje — B-Class Champions, Played 6, won 6, made 35 hits, scored 48 runs, made 20 errors. 26 hits and 35 runs were scored against Oranje.

Tropical — B-Class Runners-up played 7, won 4, lost 3, made 30 hits, scored 38 runs, made 25 errors, 22 hits and 50 runs against.

Champion Batter — J. Patterson (Baby Ruth) 9 for 16;

N. Harms (Nesbitt) 6 for 11.

Champion Pitcher — J. Bryson (Slugo) (Baby Ruth) 5 victories, 1 loss.

Champion Batter — B-Class, A. Heyliger (Oranje) 10 for 15.

G. Duinkirk (Oranje) 10 for 16.

Champion Pitcher — B-Class G. Duinkirk (Oranje) 6 victories.

ALL STAR TEAM SELECTED

The Lago Heights Softball Committee has selected the following players to engage Baby Ruth in an exhibition presentation match next Saturday night at 7.30 at Lago Heights:

N. Harms, R. Harms, M. Muyale (L Sharpe, G. Hoftijzer, C. Bonadie, J. Meade, G. Richardson, R. Medonne, R. Vorst, A. Heyliger, G. Duinkirk, J. Richardson, B. Brown, A. Rozenstand, and E. Rozenstand

BASEBALL

Dodgers hot in early innings to gain their first victory.

Frank Romer's Dodgers leveled their big guns in the first three innings to score nine of fifteen runs scored against the La Salle schoolboys to score their season's first victory. Though it was rumored that the Bums would not have a championship gang, this season, they presented a well-balanced team, which, besides their regulars, also included Guy Daniel of Nash, who did a good job at second and Nesbitt's Leo Kuiperi, who will probably be relieving at first.

The Bums got a four-run lead in the first off Miguel Barrera, who was later shelved for Bubu Monard, who did a good relieving job, though he was on the losing end. Hurling for the champs,

Lefty Arrindell, went all the way, though he was in his best form, and only got in real trouble in the last inning, when he probably ran out of gas.

Outstanding for the Dodgers were Juan Perez with 3 for 4, and Hammy Lake with 2 for 5 and 5 stolen bases. Arrindell, the winner, allowed 5 hits, 7 walks and fanned 7 for 3 runs,

BOXING.

GAVILAN STOPS TURNER, RETAINS TITLE.

Cuba's kid Gavilan, 146, successfully defended his crown last Monday night, July, 7, against young, sensational Gil Turner, 144½, by stopping the challenger in 2:47 of the 11th round.

The Municipal (Philadelphia) Stadium bout marked the 3rd defense of the welterweight title by Gavilan. The 39,000 fans who saw the fight were thrilled from the opening gong until the sensational finish, when referee Tomasco halted the severe punishment administered by the champ to save Turner from possible injury.

The fight, up to the time of the t.k.o., was a very close one. Both fighters gave a fine action performance, but eventually savvy and a systematic wearing down of his opponent saved the champ's crown. Both judges had it 5-5 at the end of the 10th. Referee Tomasco had it 6-4 and the Associated Press card had it

5-4-1 for the Cuban. One round, the 5th, was taken away from Turner by the referee for low blows.

The young and courageous Turner made his best bid in the early rounds. A blow thrown by the champ in the 5th, slowed him down considerably and gradually the "Keed" took charge. In the 11th a left hook started Turner's down-fall and in the following minute and few se

On Wednesday of last week, H.R.H. Princess Beatrix officially opened the miniature city "Madurodam". At right: The deputy mayor of the "city", 16 years old Renny van Beuge, places the chain of office (LOCAL 6-28) around H.R.H.'s neck.

At left: Princess Beatrix in her capacity of "Burgomaster" takes a stroll through her "city", accompanied by Princess Irene and members of the municipal council. She passes her "official residence", which has her special attention.

conds before the referee intervened, at least 50 solid wallops were thrown at the helpless challenger who sagged down to the lower strand of the rope.

Turner readily agreed that the referee did the right thing at the right time.

He said he knew perfectly well what was going on, but could do nothing against the fury. He feels, however, that with his age he still has a future ahead of him and that nothing will stop him from wearing the crown some day. It was the first 15-round bout for the young, 21, challenger who holds a record of 31 straight wins, 25 by knockout. Said he: "Maybe a licking is good for a guy before he becomes a champion".

Gavilan said Turner is "tougher than I thought. He's better than Johnny Bratton and Billy Graham and as good as Bobby Dykes".

MAJOR LEAGUE NEWS.

Last week star catcher of the N. Y. Yankees, Yogi Berra, was Bench- ed by the chief umpire in the game between the Yankees and Philadelphia, for protesting and aggressive attitude taken against the umpire. Yankees' manager Casey Stengel also charged the umpire and was also thrown off the field. This was the first time in the American League's regular season play that Casey Stengel was sent off the field. Preecher Roe who was selected for the N. L. team, asked manager Leo Duracher to be replaced so that he could pay a visit to his seriously ill father.

ALL STAR GAME ENDS IN 3-2 VICTORY FOR THE NATIONAL LEAGUE.

AFTER 5 INNINGS OF PLAY, GAME HALTED BY RAIN. HANK SAUER'S HOMER DOES IT FOR THE N. L.

The All Star game between the American League and the National League which took place last Tuesday at Shibe Park, Philadelphia, and yielded \$108,762.40 for the players' pension fund, marked the 3rd. straight win for the N. L.

The American League batted first and pitcher Simmons, who was called the fastest pitcher by Campanella, he had ever caught, allowed

no hit, in this inning. At the bottom of the first a run came in when Vic Raschi's first pitch to Jackie Robinson was slammed into the left upper field stand for a home run. In the second inning neither Raschie nor Simmons permitted hit.

In the 3rd inning only the American League had a hit, a double by Dom Dimaggio.

In the top of the 4th inning the American League scored 2 runs on a double by Mino, and 2 hits by Ed. Robinson and Roberto Avila respectively. In the Bottom of the 4th. the N.L. scored 2 more runs with 1 man on board out of Hank Sauer's homer to the roof in left-center.

The score remained unchanged in the 5th. In the top of the 6th inning, pitcher Bob Rush, the winning pitcher for the N. L., had only thrown two pitches to Mino when the game was halted because of rain.

Actually pitcher Simmons pitched better and only permitted 1 hit in 3 innings.

Vic Raschi pitched the first 2 innings for the A. L. and Bob Lemon, the victim of Sauer's 2 run homer, who pitched the 3rd. and the 4th, was the losing pitcher.

Little Bobby Shantz pitched in the 5th, and struck out Whitey Lockman, Jackie Robinson and Stan Musial. Said Jackie Robinson: "He showed me the best curve I've seen in years."

In its 19 years game history this was the first time an All Star game was halted because of weather. This was the National League's 7th win out of 19 games played.

S.S. "UNITED STATES" WINS BLUE RIBBON.

On Monday, the new 53,000 ton liner, the United States, on her maiden trip, streaked past Bishop's Rock of the Scillies at 5.16 a.m. G. M. T., setting a new record for the trans-Atlantic crossing.

The United States took three days 10 hours and 40 minutes for the 2,942 mile crossing from Ambrose Light, of New York, to Bishop Rock, off the Scillies, the traditional start and finish posts for blue Ribbon bids, breaking the British Cunard liner "Queen Mary's 14 years old record by 10 hours and two minutes. The average speed was 35.59 knots per hour as against 31.69 knots per hour set by the Queen Mary.

The United States arrived at the port of Le Havre about 14 hours ahead of schedule and her passengers had to remain on board because trains, customs and dockside

facilities were not ready for her.

The United States will sail from Southampton on July 30 on her west bound crossing, about four hours ahead of the Queen Elizabeth. It is expected that this will be an unofficial race between the two vessels.

U. S. A.

During the Independence day weekend at least 650 persons met accidental deaths in the U.S.A. Traffic reached a record for the three-day week-end with 370 deaths being reported, with drownings taking the lives of 202.

DENMARK.

This week, Denmark officially delivered a new tanker to Russia in spite of the U.S.A. threats to cut military aid.

The United States in a note to Denmark pointed out that the delivering of the tanker to the Russians violated an agreement which for-

BRAZIL.

The U.S.A. Secretary of State, Mr. Dean Acheson, left Brazil on Tuesday at the end of his seven day visit for the U.S.A.

Mr. Acheson stated that he had come to Brazil because he wanted to know the country at first hand.

He called to attention the fact that Brazil had come of age among the great nations of the world and that Brazil had much in common with the United States since both countries want peace with freedom and justice.

KOREA.

This week, the peace negotiations took a new turn, apparently for the better. During the week, the longest session on the prisoner repatriation issue took place, and the United Nations spokesman told newsmen that the talks were proceeding in a business-like fashion.

The Secretary of the United Nations, Trygve Lie, was reported this week to have stated that he expected an armistice in Korea by the end of this month or early next month.

FINLAND.

The traditional Olympic torch arrived at Helsinki, on Wednesday, for the Olympic Games, scheduled to start on July 19, 1952.

On Tuesday, the Olympic torch was joined by the "Flame of Midnight Sun" at the town of Tonio.

The Flame of the Midnight Sun was lit by the rays of the midnight sun focussed through a mirror at midnight on Sunday, near the Lapland community of Pallastunturi.

Finland's skiing champion, Pekka Niemi then took it on the first lap toward Tornio where it was joined with the Olympic Torch.

The torch will burn night and day at the top of the stadium tower.

Seventy countries, with an estimated 6,500 athletes will compete.

For the first time in 40 years, Russia will be represented at the Olympics.

The last Olympics the Russians

took part in was during the year 1912 at Stockholm.

Moscow has been claiming wonderful performances for her athletes and this will provide the first real test under stiff international conditions for her athletes.

It is said that a duel may develop between the U.S.A. and Russian athletes since these countries have entered all the competitions except field hockey.

Glimpses from the New World

LATIN AMERICAN OIL.

New York (Vaz Dias) — Oil, one of Latin America's biggest assets, also is one of her biggest problems. This is the conclusion reached in the current issue of *Latin-American Business Highlights*, the Chase National Bank's quarterly review after an extensive survey of oil resources and production in the southern republics.

Confronted with a lack of low-cost coal, Latin America must rely on oil to generate electric power and meet industrial needs for heat and power. The Chase digest reveals that the problem is one of adequate oil resources, but inadequate oil production. While almost all the 20 republics are potential sources of oil, only ten Latin American countries produce it. Of these ten only

five — Venezuela, Mexico, Colombia and Ecuador — are oil exporters, and continually increasing domestic demands are now squeezing the export earning potential of the last-named four. The remaining 15 Latin American republics are net importers of petroleum.

Venezuela, far and away the largest source of oil in Latin America, also ranks as the world's number one oil exporter. Only in Venezuela — where a favorable climate for foreign investments exists — has oil development matched the needs for eco-

conomic growth. In other Latin American countries the lack of domestic venture capital, and the failure to encourage the inflow of venture capital from overseas, is holding back oil development, according to the Chase analysis.

VIACO OIL-STORAGE SYSTEM.

Stockholm (Vaz Dias) — The world exploitation rights for the Swedish method of storing oil in rock cavities, the Viaco system, have been sold to the Swedish financier Henrik Mannerfrid, of New York, with the exception of Sweden, Mexico and Norway.

The method, which was reported last autumn to have undergone a long period, and which is based on the principle of storing oil on water with the suboil pressure of ground water acting as a medium for prevention of leakage. It is expected that a saving of as much as two-thirds of the cost of storing by conventional methods will result from the adoption of the Viaco system.

AIRMINDED AMERICA.

Washington (Vaz Dias) — On an average, more than two Americans were killed every day of 1951 in small plane, non-airline accidents, the Civil Aeronautics Board disclosed here. Every day more than ten such private planes crashes all over the United States with pilot error singled out as the foremost cause. Reckless flying, which is one particularly

AGENTS

SAN NICOLAS

ORANJESTAD

dangerous form of pilot error, accounted for no less than 205 crashes in which 103 persons lost their lives. Airplanes are increasingly coveted by thieves, even if they don't know to manage the controls. Eighteen of such thefts — supposedly including joy rides — resulted in crashes with seven fatalities.

Electronic provide more Goods and more leisure time.

New York (Vaz Dias) — A familiar home caller, the man who reads the electric meter, may be on the way out in this age of electronics. The monthly figure can now be automatically transmitted to the central office of the power utility where it is read and recorded by the electronic brains of business machines which calculate the amount due and even make out the bills. The General Electric executive who pointed out these possibilities stressed that industry could and should

tremendously increase its output by making full use of electronics, thus assuring a greater amount of goods and services and a higher standard of living for each worker.

MARGERINE TO BE MARKED

New York (Vaz Dias) — Restaurants serving margarine in New York State after July 1st will serve it in three-cornered pattied clearly marked "Margarine". Moreover, the New York State Legislature demands that restaurants not serving the butter substitute at the table but using it in their kitchens must display conspicuous signs reading "Oleo-margarine served here", and print it on their menus. Other states have preceded New York in serving margarine to restaurant customers. New York takes it up after a long butter-versus-margarine wrangle.

Don't ask for Beer, but call for

HEINEKEN'S Beer

No hangover.

No rose without a scent

No pleasure without HEINEKEN'S.

THE CAR OF THE FUTURE

Atlantic City (Vaz Dias) -Automotive engineers study the use of frictionless electro-magnetic brakes necessitated because of the ever increasing horsepower and speed of modern cars.

In the near future, drumless brakes will be just as commonplace as car heating systems, car radios and electric starters which once were looked upon as fantastic. The car of the future is also certain to have air-conditioning if one may believe the predic-

tions made by experts attending a recent meeting of the Society of Automotive Engineers.

GLOBAL INCOME.

United Nations, New York (Vaz Dias) — Half of the world's population had incomes below \$150 in 1950. Regardless of individual per capita increases the discrepancy in global income levels remains high, according to the United Nations Monthly Bulletin of Statistics. Asia ranges lowest in the world's income brackets, Eastern Europe and Latin America are next while the United States, Western Europa and Oceania form the comparatively prosperous part of the world.

Exact compilation of data is difficult in Eastern Europe as their figures relate to material output only. Such thinly populated parts of the world as Canada and the United States, to-

gether accounting for only 10% of the world's inhabitants, had 43% of the total income in 1950, while Asia, Latin America and Africa with 65% of the world's population had 17%. The remaining 40% income went to Europe which has 25% of the population.

CURE FOR KIDNEYSTONES.

Chicago (Vaz Dias) — A new drug against kidneystones tested recently by medical research organizations including the Wyeth Institute of Applied Biochemistry in Philadelphia, has shown very satisfactory results. Hvaluronidase, injected under the skin, releases some of the "jelly" which holds together the human body, sends it into the kidneys, where it covers growing stones with a protective crystal preventing expansion of growth. What's more, 4 out of 5 patients taking the drug did not develop kidneystones anymore.

ACHESON VISITS TRINIDAD.

The U.S. Secretary of State, Mr. Dean Acheson, was an overnight visitor to Trinidad last Tuesday night, on his way back to the U.S.A. after a visit to Europe and Brazil. He was travelling in President Truman's personal plane.

At the airport at Piarco he was met by a guard of U.S. marines and a detachment of the Trinidad Police Force. He spent the night at the Pan American Guest House and left next morning.

SALVATION ARMY
CELEBRATES
GOLDEN JUBILEE.

The Salvation Army in Trinidad this week celebrated its 50th year of work in Trinidad.

In week long celebrations in various parts of the Island, prominent members of the community, including the Governor, paid tribute to the work of the Army and place it holds among the poor.

We came across the amusing poem quoted below in a recent issue of "The Arrow" the news sheet of the Aruba Rotary Club. We publish it for the pleasure of our readers.

Ed.

THE GIFT OF GRAB

He gave his wife a pair of gloves
And thought his giving done;
To her it meant a string of gifts
With this as Number One.
She said the gloves were superfine
And chic, and smart to boot;
To wear them with the right effect
She'd need a brand-new suit.
She had the very thing sent out
So he could help her "choose",
And now, of course, she had to have
A modish pair of shoes.
She couldn't bring her fashion sense
To let it go at that;
Such stunning clothes would be a
Loss without the proper hat.

She bought a blouse and bag with care (He paid some moola, too)
The splendid rig, from stem to stern,
Was superduper new.

She tried the whole ensemble on
And — ha! — it's dashing air
Had left the gloves so far behind
She gleaned another pair.

Florence Pedigo Jansson.

THOUGHT FOR TODAY.

It is not the critic who counts,
not the man who points out how
the strong man stumbled, or
where the doer of a deed could
have done better.

The credit belongs to the man
who is actually in the arena;
whose face is marred by dust
and sweat and blood; who strived
valiantly; who errs and comes

short again and again because
there is no effort without error
and short-coming; who does actually
strive to do the deeds; who
knows the great enthusiasm, the
great devotions, spends himself
in a worthy cause; who at the
best knows in the end the
triumph of high achievement;
and who at the worst, if he fails,
at least fails while daring greatly,
so that his place can never be
with those cold and timed souls,
souls who knew neither victory
nor defeat.

Theodore Roosevelt

Oriental design and color influenced the creation of this dress worn by Gene Russell, who recently completed a starring role in RKO Radio's "MACAO". Dress is of soft gray pure silk material with pattern in 24 karat gold woven into the fabric and is delicately draped and reminiscent of India sari motif Co starring with Miss Russell are Robert Mithum and William Bendix.

The happy smiles of the boys of Dakota shown above indicate the manner in which they accepted their new play-ground at Dakota donated by the Rotary Club of Aruba.

Social Register

BIRTHDAY GREETINGS

On Saturday, July 5, 1952, Mrs. Louisa Janson, reached the enviable age of 73 years. The occasion was quietly observed by the home circle. Mrs. Janson who is the mother of two, grandmother of five and great-grandmother of one, resides at No. 1 Cryssenstraat.

"THE LOCAL" extends its best wishes for Mrs. Janson's continued good health and well-being.

NEW CLUB INSTITUTED (Contributed)

On Tuesday evening, a new Social Club was born "THE ARUBA CONCERT PLAYERS".

The founder and president is no less a person than the well-know, tireless and enthusiastic Mr. Edmond V. Emanuel. The persons chosen by those present to hold office and support Mr. Emanuel in his praiseworthy undertaking are:

Mr. B. R. Noel — Secretary
Mr. L. P. Sullivan — Asst. Secretary
Mr. B. R. Riley — Treasurer.

The aims and purpose of this

club are to develop the latent ability of its members in displaying their musical, cultural and social arts for the entertainment of the Aruban public.

Already plans are underway for the rendition of a *Grand Concert* under their auspices, to be held in the spacious hall of the N.W.I.A. on July 27, 1952.

They will present a well-balanced exhilarating program containing classics, songs, recitation, tap-dancing, dialogues, and many other amusing items.

This genuine evening will be ended with dancing to the strains of Orchestra "Ritmica".

Most recent odity in Aruba was the four tailed Iguana pictured above. The owner who's identity is unknown brought this queer looking little fellow to Joe d'Aguiar, Ace Studio for a picture.

HOLLAND HAS THE LOWEST DEATH RATE.

Amsterdam (Vaz Dias) Of all Western European countries the Netherlands has the highest birth rate. The number of births per thousand inhabitants has it is true, regularly decreased in the last five years from 30.2 to 22.3 but in other countries the birth rate is considerably lower.

The death rate in the Netherlands is lower than in any country in the world. It is also lower than it has ever been before.

At present it amounts to 7.6 per thousand inhabitants.

As a result of this higher birth rate and lower death rate, the Netherlands ranks first among Western European countries as regards the average annual increase in population. From 1945 to 1951 the increment percentage for the Netherlands was 1.7.

NEW OIL REFINERY NEAR BOMBAY.

Bombay (Vaz Dias) The expanded scheme of the proposed oil refinery of the Standard Vacuum Oil Company on Trombay Island of Bombay has received the approval of the Government of India. The United Press of India reports that

the project will also be speeded up and production will begin earlier than was scheduled. According to the Standard Vacuum authorities in Bombay, this will be several months earlier than the 1956 date first anticipated.

Under the expanded project, the daily capacity of the refinery will be increased from 19,000 barrels to 25,000 or a third more than was originally contemplated.

Phone 2732, Bung. 78, Lago Colony.

A short but violent fight follows. The engine-driver is a match for Rob and he still has the pistol in his hand. But Rob succeeds in putting him out of action by distributing a few firm boxes on the jaw. And now affand away as the atmosphere is becoming suffocat-

ing. When on deck nobody has perceived the happenings below. Rob will succeed in lowering a sloop and reach the shore. On deck he takes a deep breath; delicious that fresh air. But look what a smoke comes through these air-shafts. Of course that is the

gas out of the engine-room. And worse, there comes the motor-sloop with Harries and Larry. What can he do? If he now gets into a sloop they'll be after him in les than no time. And it is not very safe to remain on board either....
